

# PMP Certification Courses

**The Project Management Professional (PMP) Certification is the most recognized Project Management Credential in the world. PMP Certification isn't just for Project Managers. Professionals from various industries with various titles may qualify and benefit from obtaining the PMI PMP Certification Credential.**

**The PMP Class, offered through Street Legal Industries, is designed to prepare students to complete the PMP Application Process, study for the exam, set expectations for exam site processes, take and pass the PMP Exam. The course covers the information presented in the Project Management Body of Knowledge (PMBOK), including the 9 Knowledge Areas, 5 Process Groups and 42 Processes. The tools used in the class include the PMBOK, Street Legal Workbook, Study Guide, Sample Review Questions, a Sample Test CD, and a simulated mini project. The course was designed to be interactive and engage multiple learning senses to help the student retain information to provide the best opportunity for passing the PMP Exam.**

## COURSE OBJECTIVES

|        |  |
|--------|--|
| EO-01. | Define in an all-conclusive manner the term "Project Management", how the project organization is established, and the processes that make-up a project.   |
